Financial review

Brief statement of the charity's policy on reserves

The goal of Equal People is to open a theatre in 2012 that is accessible to all. Until such time as the land has been acquired and the building is constructed, reserves will continue to grow and be held in order to achieve the goal. At the end of initial 15 month period Equal People had funds of £8,768 carried forward. It is the charity policy that reserves are secured within low risk investments managed through the Charities Aid Foundation (CAF), in a way that gives the best return whilst being flexible to achieve the goal. The policy on charity reserves will be reviewed following the opening of the Equal People theatre.

Details of any funds materially in deficit

There are no funds in any deficit within the charity.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- The charity's principal sources of funds (including any fundraising).
- How expenditure has supported the key objectives of the charity.
- Investment policy and objectives including any ethical investment policy adopted.

Over the initial 15 months of Equal People, the primary source of income has been through charitable activities. The minimum target goal is £1m to purpose build a theatre and to date a number of active fundraising activities have been pursued from organisations such as the New Opportunities Fund. To date only limited funds have been raised as the restriction to raising the funds has been that many of the potential donators or investors in the charity require their investments to be utilised within a particular timescale, or to build upon existing established infrastructure. Until the land has been acquired or the build planning is sufficiently underway to give security to potential investors the growth in funds will be limited.
